The Doncaster office is a town centre based, offering an Foundation Learning programme aimed at young people who need support to access work or learning.

It offers a personal development programme that meets the individual needs of the client, which may include all aspects of employability, job search activities, visits to employers and local training providers and looking at strategies to overcome barriers to learning and work.

Referrals to the programme are usually made via Connexions.

For more information about the services delivered in Doncaster, please [contact us](#)
