

Summary

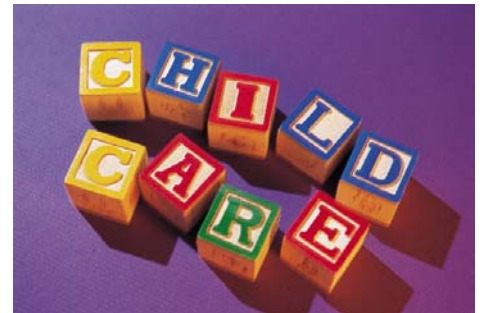

Joseph Priestley is running courses in Construction Trades and Childcare at their Beeston Campus. The courses aim to offer young people the chance to gain vocational experience whilst improving their skills in Literacy and Numeracy. Young people will have the opportunity of moving on to the full college course if they are successful on e2e.

Training

Each young person will have the opportunity to achieve formal qualifications both in personal and social development and occupational areas.

- CV writing and job search
- Developing maths, English and communication skills
- Team Work and confidence building
- Interview skills

Vocational Experience

You will have to chance to gain experience in either Childcare or Construction. Both courses will help you to work towards progressing onto the full Level 1 or 2 course at Joseph Priestley at the next appropriate college intake.
